

ELEVEYOR

ELEVATE PRODUCTION TO NEW HEIGHTS

The Eleveyor incline belt conveyor fits in tight spaces where you need to elevate your food processing line. Its positive drive system and self-tracking belt keep your product and operation moving. A variety of configurations and belt options ensure the Eleveyor can be customized specifically to your application and process. It's designed for quick, yet thorough washdowns and simple maintenance.

- Horizontal, incline and S or Z-shape (gooseneck) configurations
- Custom dimensions precisely for your application
- Positive drive, self-tracking belt system
- Adjustable and easy pivot side guides
- Food-grade sanitary design with open frame and belt lifts for tool-less washdowns
